ABOUT THE ANNUAL MEETING

What is the purpose of the meeting?

The principal purposes of the Annual Meeting are to elect three directors to the company's Board of Directors and to ratify the appointment of Dixon Hughes Goodman, LLP as the company's independent registered public accounting firm for the year ending December 31, 2014. In addition, our management will report on our performance during 2013, discuss challenges ahead and respond to questions from shareholders.

When were these materials mailed?

We began mailing this proxy statement on or about April 29, 2014.

Who is entitled to vote?

Shareholders of record at the close of business on the record date, April 14, 2014, are entitled to vote in person or by proxy at the Annual Meeting. In general, shareholders are entitled to one vote per share on each matter voted upon. In an election for directors, however, shareholders are entitled to vote the number of shares they own for as many director candidates as there are directors to be elected. The Board of Directors has determined that the Board of Directors should include three Class C directorships. Accordingly, since three directors are to be elected at this Annual Meeting, in electing directors, each share will entitle the shareholder to three votes, one per director. Shareholders may not cumulate their votes. As of April 14, 2014 there were 10,710,188 common shares outstanding.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares outstanding will constitute a quorum, permitting us to conduct the business of the meeting. Proxies received but marked as "WITHHOLD AUTHORITY" and broker non-votes will be included in the calculation of the number of shares considered to be present at the Annual Meeting, but will not be counted for any other purpose. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular proposal and has not received instructions as to that proposal from the beneficial owner.

What is the difference between a shareholder of record and a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a "shareholder of record." This Notice of Meeting and proxy statement has been provided directly to you by HCI Group, Inc. You may vote by ballot at the meeting or vote by proxy. To vote by proxy, sign, date and return the enclosed proxy card or follow the instructions on the proxy card for voting by telephone or Internet.

If your shares are held for you in a brokerage, bank or other institutional account (that is, held in "street name"), then you are not a shareholder of record. Rather, the institution is the shareholder of record and you are the "beneficial owner" of the shares. The accompanying Notice of Meeting and this proxy statement have been forwarded to you by that institution. If you complete and properly sign the accompanying proxy card and return it in the enclosed envelope, or follow the instructions on the proxy card for voting by telephone or Internet, the institution will cause your shares to be voted in accordance with your instructions. If you are a beneficial owner of shares and wish to vote in person at the Annual Meeting, then you must obtain a proxy, executed in your favor, from the holder of record (the institution).

How do I vote?

By Ballot at the Meeting. If you are a shareholder of record and attend the Annual Meeting, you may vote in person by ballot at the Annual Meeting. To vote by ballot, you must register and confirm your shareholder status at the meeting. If the shareholder of record is a corporation, partnership, limited liability company or other

entity of which you are an officer or other authorized person, then you should bring evidence of your authority to vote the shares on behalf of the entity. If your shares are held for you in a brokerage, bank or other institutional account (that is, in "street name"), you must obtain a proxy, executed in your favor, from that institution (the holder of record) to vote your beneficially-owned shares by ballot at the Annual Meeting. In the election of directors (Matter No. 1), each share held by a shareholder of record will be entitled to three votes, one for each director to be elected. Your option with respect to each director will be to vote "FOR" the director or to abstain from voting. In the vote to ratify the appointment of Dixon Hughes Goodman, LLP as the company's independent registered public accounting firm for the year ending December 31, 2014 (Matter No. 2), each share held by a shareholder of record will be entitled to one vote. Your options will be to vote "FOR" or "AGAINST" or to "ABSTAIN." **By Proxy.** If you complete, sign and return the accompanying proxy card or follow the instructions on the proxy card for voting by telephone or Internet, then your shares will be voted as you direct. In the election of directors (Matter No. 1), your options with respect to each director are to direct a vote "FOR" or to "WITHHOLD AUTHORITY." In the proposal to ratify the appointment of Dixon Hughes Goodman, LLP as the company's independent registered public accounting firm for the year ending December 31, 2014 (Matter No. 2), your options will be to direct votes "FOR" or "AGAINST" or to direct the proxy to "ABSTAIN" from voting on that proposal.

If you are a shareholder of record, then you may opt to deliver your completed proxy card in person at the Annual Meeting.

Can I vote by telephone or Internet?

Yes. If you follow the instructions on the proxy card for voting by telephone or Internet, your shares will be voted as you direct.

What does it mean if I receive more than one proxy card?

You will receive separate proxy cards when you own shares in different ways. For example, you may own shares individually, as a joint tenant, in an individual retirement account, in trust or in one or more brokerage accounts. You should complete, sign and return each proxy card you receive or follow the telephone or Internet instructions on each card. The instructions on each proxy card may differ. Be sure to follow the instructions on each card.

Can I change my vote or instruction?

Yes. You may follow the instructions on the proxy card to change your votes or instructions any time before midnight the day before the meeting.

In addition, if you are a shareholder of record, you may revoke your proxy any time before your shares are voted by filing with the secretary of the company a written notice of revocation or submitting a duly executed proxy bearing a later date. If you file a notice of revocation, you may then vote (or abstain from voting) your shares in person at the Annual Meeting. If you submit a later dated proxy, then your shares will be voted in accordance with that later dated proxy. No such notice of revocation or later dated proxy, however, will be effective unless received by us at or before the Annual Meeting and before your shares have been voted. Unless the proxy is revoked, the shares represented thereby will be voted at the Annual Meeting or any adjournment thereof as indicated on the proxy card. Sending in a proxy does not affect your right to vote in person if you attend the meeting, although attendance at the meeting will not by itself revoke a previously granted proxy.

If I submit a proxy card, how will my shares be voted?

Your shares will be voted as you instruct on the proxy card.

What happens if I submit a proxy card and do not give specific voting instructions?

If you are a shareholder of record and sign and return the proxy card without indicating your instructions, your shares will be voted in accordance with the recommendations of the Board of Directors. With respect to any

other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion. As of the date this proxy statement went to print, we did not know of any other matter to be raised at the Annual Meeting.

If you are a beneficial owner and you sign and return your proxy card without indicating your instructions, then your broker or nominee will vote, or not vote, in accordance with the rules of the New York Stock Exchange (provided the broker or nominee is a member of the New York Stock Exchange). If a voting matter is designated by the New York Stock Exchange as “routine” then your broker or nominee may vote or not vote in its own discretion. If a voting matter is designated “non-routine” by the New York Stock Exchange, then your broker or nominee cannot vote without your instructions.

Which voting matters are considered routine or non-routine?

In general, uncontested matters and matters not involving a merger or consolidation or affecting substantially the rights or privileges of the stock are considered routine under the rules of the New York Stock Exchange. Accordingly we expect the New York Stock Exchange will designate as routine the proposal to ratify the appointment of Dixon Hughes Goodman, LLP as the company’s independent registered public accounting firm for the year ending December 31, 2014 (Matter No. 2) and brokers and other nominees will be permitted to vote on that matter. On the other hand, the New York Stock Exchange views matters involving the election of directors to be non-routine. Accordingly, the election of directors (Matter No. 1) will be designated by the New York Stock Exchange as non-routine and brokers and other nominees will not be permitted to vote on this matter without instructions from the beneficial owner.

What happens if I do not submit a proxy card and do not vote by telephone or Internet?

If you are a shareholder of record and you neither designate a proxy nor attend the Annual Meeting, your shares will not be represented at the meeting. If you are the beneficial owner of shares held in the name of a member of the New York Stock Exchange, that member may vote in its discretion on matters deemed routine by the New York Stock Exchange. The member may not vote on matters considered “non-routine.”

What are the Board’s recommendations?

The Board’s recommendations are set forth elsewhere in this proxy statement. In summary, the Board recommends votes—

- *FOR* election of the following nominees for director positions:
Wayne Burks
Sanjay Madhu
Anthony Saravanos

- *FOR* ratification of the appointment of Dixon Hughes Goodman, LLP as the company’s independent registered public accounting firm for the year ending December 31, 2014.

What vote is required to approve each item?

Election of directors. In the election of directors, the three highest recipients of “FOR” votes will be elected. A properly executed proxy card marked “WITHHOLD AUTHORITY” with respect to the election of one or more director nominees will not be voted with respect to the director or directors indicated, even though it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting.

Ratification of appointment of independent registered public accounting firm. The proposal to ratify the appointment of Dixon Hughes Goodman, LLP as the company’s independent registered public accounting firm for the year ending December 31, 2014 will be approved if the number of votes for the proposal exceeds the number of votes against the proposal.

Other Matters. We do not anticipate other matters coming to a vote at the Annual Meeting. Should any other matter be brought to a vote, the matter will be approved if the number of votes favoring the matter exceeds the number of votes opposing the matter.

How will votes be counted?

All votes will be tabulated by the secretary of the company. We have engaged Broadridge Financial Solutions, Inc. to collect and tabulate proxy instructions. Although abstentions and broker non-votes are each included in the determination of the number of shares present, they are not counted on any matters brought before the meeting.

Who is paying for the preparation and mailing of the proxy materials and how will solicitations be made?

We will pay the expenses of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by mail, telephone, facsimile or electronic transmission. We have requested brokerage houses and other custodians, nominees and fiduciaries to forward soliciting material to beneficial owners and have agreed to reimburse those institutions for their out-of-pocket expenses.

**MATTER NO. 1
ELECTION OF DIRECTORS**

Three directors are to be elected at the Annual Meeting. In accordance with the company's articles of incorporation, the Board of Directors is divided into three classes. Each class consists of three directors. All directors within a class have the same three-year terms of office. The class terms expire at successive annual meetings so that each year a class of directors is elected. The current terms of director classes expire in 2014 (Class C directors), 2015 (Class A directors), and 2016 (Class B directors). Each of the Class C directors elected at the 2014 Annual Meeting will be elected to serve a three-year term.

With the recommendation of the Governance and Nominating Committee, the Board of Directors has nominated the following persons to stand for election as Class C directors at the 2014 Annual Meeting of Shareholders, with terms expiring in 2017:

*Wayne Burks
Sanjay Madhu
Anthony Saravanos*

Each of the nominees for election as a director has consented to serve if elected. If, as a result of circumstances not now known or foreseen, one or more of the nominees should be unavailable or unwilling to serve as a director, proxies may be voted for the election of such other persons as the Board of Directors may select. The Board of Directors has no reason to believe that any of the nominees will be unable or unwilling to serve.

The persons named in the enclosed proxy card intend, unless otherwise directed, to vote such proxy "FOR" the election of Wayne Burks, Sanjay Madhu and Anthony Saravanos as Class C directors of HCI Group, Inc. The nominees receiving the three highest "FOR" vote totals will be elected as directors.

He has no familial relationship to Harish Patel, another member of the Board of Directors.

Mr. Patel brings to the Board of Directors considerable experience in business, management, systems and technology, and because of those experiences and his education, he possesses analytical and technology skills which are considered of importance to the operations of the company, the oversight of its performance and the evaluation of its future growth opportunities. Furthermore, his performance as chief executive officer has indicated an in-depth understanding of the company's insurance business. He is a founder of the company and has a substantial personal investment in the company.

Gregory Politis, age 61, is a founder of the company and has been an HCI director since its inception. In addition, Mr. Politis currently serves as a director for Homeowners Choice Property & Casualty Insurance Company, Inc. Mr. Politis has been in the real estate business since 1974 and is president of Xenia Management Corporation, a real estate portfolio management company he established in 1988. Mr. Politis has interests in over 40 real estate developments in the Miami-Dade County, Orlando, Greater Tampa Bay and Montreal, Canada areas. Xenia Management Corporation is not affiliated with HCI Group, Inc. During his career, Mr. Politis has

developed and retained ownership of retail, office and industrial spaces, with a primary focus on buildings housing federal and state government agencies. He was a founding member of Hellenic American Board of Entrepreneurs and a recipient of the Building Owners and Managers Association (BOMA) Building of the Year Award. Mr. Politis has served as a director of NorthStar Bank and Florida Bank.

Mr. Politis brings considerable business, management and real estate experience to the Board of Directors. We expect his business and management experience will enhance oversight of the company's business performance. Moreover, real estate experience has become increasingly important to the company as it makes and considers significant real estate investments. Mr. Politis serves on the company's compensation committee and our governance and nominating committee. His business experience gives him a fundamental understanding of business operations. Important also, Mr. Politis has a substantial personal investment in the company.

Arrangements as to Selection and Nomination of Directors

We are aware of no arrangements as to the selection and nomination of directors.

Independent Directors

Based upon recommendations of our governance and nominating committee, our Board of Directors has determined that current directors George Apostolou, Wayne Burks, James Macchiarola, Harish M. Patel, Gregory Politis, and Martin A. Traber are "independent directors" meeting the independence tests set forth in Section 303A.02 of the New York Stock Exchange Listing Manual, including having no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company). In the case of Mr. Traber, the Committee considered his role as a partner of Foley & Lardner LLP, which provides legal services to the company, and determined that the fees received by the law firm from us amount to less than 1% of the firm's total revenue and considered also Mr. Traber's personal financial substance, his other sources of income and his lack of dependence upon legal fees from the company.

DIRECTOR COMPENSATION

The compensation of our non-employee directors is determined by the compensation committee. Typically, directors who are employees of the company do not receive compensation for their service as directors.

We have a very active board. Individual members of the board communicate regularly with management and often prepare proposals for consideration by management and the other members. The members spend considerable time consulting with management and reviewing proposals by management and the other members. This collaborative effort among management and the board is considered to be of importance to the success of the company.

The compensation committee has sought to align compensation of the non-employee directors with the success of the company and shareholder returns.

During 2013, the company compensated the non-employee directors with a combination of cash payments and single, one-time grants of restricted stock having market based vesting requirements. The cash payments included quarterly fees of \$18,750, a single payment of \$70,000 in January to each non-employee director then serving and a single payment of \$140,000 in December to each non-employee director then serving, except that our newest directors, Wayne Burks and James Macchiarola, received \$35,000 each. The restricted stock grants included the issuance on May 16, 2013 of 24,000 shares of restricted common stock to each director then serving, except our chief executive officer, and the issuance on November 12, 2013 of 24,000 shares of restricted common stock to each of the new directors, Burks and Macchiarola. In each grant, vesting of the shares depends upon the market price of the company's common stock meeting certain price targets. The restricted shares cannot be sold or transferred until they are vested. Any shares not vested within six years of the grant date will be forfeited. In the earlier grants, the shares will vest in 6,000 share increments only one year after the market price of the company's common stock equals or exceeds price targets of \$35, \$50, \$65 and \$80 for a period of 20 consecutive trading days. Thus far none of the shares has vested. However, the \$35 price target has been met and

that increment will vest in 2014 if the service requirements are met. In the later grants to the new directors, the shares will vest in 6,000 share increments only one year after the market price of the company's common stock equals or exceeds the price targets of \$50, \$65, \$80 and \$95 for a period of 20 consecutive trading days. None of these price targets has been met and no vesting has occurred.

Although not one of the foregoing restricted shares has yet vested and by their own terms could not have vested in 2013, Securities and Exchange Commission rules require us to report the grant-date fair value of the entire award in the year of the grant rather than reporting this expense over the service period as we do for financial reporting purposes. Fair value of these market based awards is estimated using a methodology that includes expected price volatility, expected dividends, estimated cost of capital and other factors in accordance with Accounting Standards Codification Topic 718. Hence, in the table below, each amount appearing under "Stock Awards" is an estimate of the award's fair value at the grant date in 2013 even though no vesting has yet occurred. These estimated values are based in part upon predictions of future events. The actual values on the vesting date will almost certainly differ from the estimated values. The company does not anticipate any further restricted stock grants to the current non-employee directors.

In addition to their director compensation, non-employee directors are reimbursed for travel and other reasonable out-of-pocket expenses related to attendance at board or committee meetings.

In December 2013, the compensation committee engaged Frederic W. Cook & Co, Inc., a nationally recognized, compensation consulting firm to review the company's non-employee director compensation program. As a result of that consultation, the compensation committee established a new compensation program for our non-employee directors. During 2014, each non-employee director will receive an annual cash retainer for his board service. No other cash compensation (except dividends on restricted shares which are reported as compensation) is anticipated. For 2014 each non-employee director will receive a total of \$93,725, which will be paid over the year in quarterly installments. The one-time equity awards provided to current non-employee directors in 2013 are expected to serve as the sole equity component of their director compensation for the foreseeable future. Frederic W. Cook & Co. provided no other services to the committee.

The following table sets forth information with respect to compensation earned by each of our directors (other than "named executive officers") during the year ended December 31, 2013.

Transactions

Reinsurance Agreements

On June 1, 2013, Claddaugh Casualty Insurance Company, Ltd. ("Claddaugh"), our Bermuda-based captive reinsurer, entered into a reinsurance treaty with Moksha Re SPC Ltd. and multiple capital partners ("Moksha") whereby a portion of the business assumed from Homeowners Choice Property & Casualty Insurance Company, Inc. is ceded by Claddaugh to Moksha. With respect to the period from June 1, 2013 through May 31, 2014, Moksha assumed approximately \$15,400,000 of the total covered exposure for approximately \$4,300,000 in premiums, a rate which management believes to be competitive with market rates available to Claddaugh. The \$4,300,000 premium was fully paid by Claddaugh on June 27, 2013. With respect to the period from June 1, 2012 through May 31, 2013, Moksha assumed \$13,800,000 of the total covered exposure for approximately \$4,000,000 in premiums. Moksha has deposited funds into a trust account to fully collateralize Moksha's exposure. Trust assets may be withdrawn by Homeowners Choice Property & Casualty Insurance Company, Inc., the trust beneficiary, in the event amounts are due under the current Moksha reinsurance agreement. Among the Moksha capital partner participants are the company's chief executive officer, Paresh Patel, and certain of his immediate family members and Sanjay Madhu, one of the company's non-employee directors.

Claddaugh also has reinsurance treaties with Oxbridge Reinsurance Limited ("Oxbridge") whereby a portion of the business assumed from Homeowners Choice Property & Casualty Insurance Company, Inc. is ceded by Claddaugh to Oxbridge. With respect to the period from June 1, 2013 through May 31, 2014, Oxbridge assumed \$10,100,000 of the total covered exposure for approximately \$4,900,000 in premiums, a rate which management believes to be competitive with market rates available to Claddaugh. The \$4,900,000 premium was fully paid by Claddaugh on July 9, 2013. Oxbridge has deposited funds into a trust account to fully collateralize Oxbridge's exposure. Trust assets may be withdrawn by Homeowners Choice Property & Casualty Insurance Company, Inc., the trust beneficiary, in the event amounts are due under the current Oxbridge reinsurance agreement. Among the Oxbridge capital partner participants are Paresh Patel, our chief executive officer who is also chairman of the Board of Directors for Oxbridge, and members of his immediate family and Anthony Saravanos, president of the Company's real estate division. In addition, two of the Company's non-employee directors, including Sanjay Madhu who serves as Oxbridge's president and chief executive officer, are investors in Oxbridge.

Legal Services

One of our directors, Martin A. Traber, is a partner at the law firm of Foley & Lardner LLP, and since our inception in 2007, the firm has provided legal representation to us. During 2013, Foley & Lardner LLP billed us approximately \$450,000. Such amount includes fees billed in connection with our debt offerings and represents

less than 1% of Foley's fee revenue. These services were provided on an arm's-length basis, and paid for at fair market value. We believe that such services were performed on terms at least as favorable to us as those that would have been realized in transactions with unaffiliated entities or individuals.

Policies for Approval or Ratification of Transactions with Related Persons

Our policy for approval or ratification of transactions with related persons is for those transactions to be reviewed and approved by the Audit Committee. That policy is set forth in the Audit Committee Charter. Our practice is that such transactions are approved by a majority of disinterested directors. The policy sets forth no standards for approval. Directors apply their own individual judgment and discretion in deciding such matters.

ADVERSE INTERESTS

We are not aware of any material proceedings in which an executive officer or director is a party adverse to the company or has a material interest adverse to the company.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of Forms 3, 4, and 5 filed for the year 2013, we believe that all of our directors, officers, and 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them. In addition all such forms were filed timely.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has an audit committee, a compensation committee and a governance and nominating committee.

Audit Committee

The company has a separately-designated standing audit committee established in accordance with the Securities and Exchange Act of 1934. The audit committee's responsibilities include the following:

- assisting our Board of Directors in its oversight of the quality and integrity of our accounting, auditing, and reporting practices;
- overseeing the work of our internal accounting and auditing processes;
- discussing with management our processes to manage business and financial risk;
- making appointment, compensation, and retention decisions regarding, and overseeing the independent registered public accounting firm engaged to prepare or issue audit reports on our financial statements;
- establishing and reviewing the adequacy of procedures for the receipt, retention and treatment of complaints received by our company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures; and
- conducting an appropriate review and approval of all related party transactions for potential conflict of interest situations on an ongoing basis.

The audit committee is composed of three members: Wayne Burks, its chairman, George Apostolou and Harish M. Patel. Since our common shares are listed on the New York Stock Exchange, we are governed by its listing standards. Accordingly, each member of the audit committee meets the independence tests set forth in Section 303A.02 of the New York Stock Exchange Listing Manual and the criteria for independence set forth in Rule 10A-3(b)(1) of the Securities and Exchange Commission. The Board of Directors has determined that Mr. Burks is an audit committee financial expert. The Audit Committee met formally six times during 2013 and otherwise acted by unanimous written consent. The Board of Directors has adopted a written Audit Committee Charter. A current copy of the charter is available on our website www.hcigroup.com. Click "Investors" and then "Corporate Governance."

Compensation Committee

The compensation committee's responsibilities include the following:

- reviewing and approving the compensation programs applicable to our executive officers;
- recommending to the Board of Directors and periodically reviewing policies for the administration of the executive compensation programs;
- reviewing and approving the corporate goals and objectives relevant to the compensation of the executive officers, evaluating the performance of the executive officers in light of those goals, objectives and strategies, and setting the compensation level of the executive officers based on this evaluation;

- reviewing on a periodic basis the operation of our executive compensation programs to determine whether they are properly coordinated and achieving their intended purposes;
- administering and making awards under the company’s 2012 Omnibus Incentive Plan and monitoring and supervising the administration of any other benefit plans the company may have; and
- reviewing and approving compensation to outside directors.

The compensation committee has the authority to determine the compensation of the named executive officers and the non-employee directors and to make equity awards under the company’s 2012 Omnibus Incentive Plan. At least annually the compensation committee considers the results of the company’s operations and its financial position and makes compensation determinations. The compensation committee did not engage or rely on consultants in determining compensation paid in 2013, instead relying on the judgment and knowledge of its own members. It views the determination of such compensation to be a collaborative effort and accordingly it welcomes recommendations and advice from executive officers and other directors. The compensation committee is composed of four members: Martin A. Traber, Chairman, George Apostolou, Harish Patel and Gregory Politis, each of whom meets the independence tests set forth in Section 303A.02 of the New York Stock Exchange Listing Manual. The compensation committee met formally four times during 2013 and otherwise acted by unanimous written consent. The Board of Directors has adopted a formal compensation committee charter. A current copy of the charter is available on our website www.hcigroup.com. Click “Investors” and then “Corporate Governance.”

Governance and Nominating Committee

The functions of the governance and nominating committee include the following:

- establishing criteria for selection of potential directors, taking into account all factors it considers appropriate;
- identifying and selecting individuals believed to be qualified as candidates to serve on the board and recommending to the board candidates to stand for election as directors at the annual meeting of shareholders or, if applicable, at a special meeting of the shareholders;
- recommending members of the board to serve on the committees of the board;
- evaluating and ensuring the independence of each member of each committee of the board required to be composed of independent directors;
- developing and recommending to the board a set of corporate governance principles appropriate for our company and consistent with the applicable laws, regulations, and listing requirements;
- developing and recommending to the board a code of conduct for our company’s directors, officers, and employees;
- ensuring that we make all appropriate disclosures regarding the process for nominating candidates for election to the board, including any process for shareholder nominations, the criteria established by the committee for candidates for nomination for election to the board, and any other disclosures required by applicable laws, regulations, or listing standards; and
- reporting regularly to the board (i) regarding meetings of the committee, (ii) with respect to such other matters as are relevant to the committee’s discharge of its responsibilities, and (iii) with respect to such recommendations as the committee may deem appropriate.

The governance and nominating committee is composed of three members: Martin A. Traber, Wayne Burks and Gregory Politis, each of whom meets the independence tests set forth in Section 303A.02 of the New York Stock Exchange Listing Manual. The governance and nominating committee held three meetings in 2013. The Board of Directors has adopted a written governance and nominating committee charter. A current copy of the charter is available on our website at www.hcigroup.com. Click “Investors” and then “Corporate Governance.”

Each of the proposed director nominees was recommended by the governance and nominating committee to the Board of Directors.

The governance and nominating committee identifies director candidates in numerous ways. Generally, the candidates are known to and recommended by members of the Board of Directors or management. In evaluating director candidates, the governance and nominating committee considers a variety of attributes, criteria and factors, including experience, skills, expertise, diversity, personal and professional integrity, character, temperament, business judgment, time availability, dedication and conflicts of interest. At a minimum, director candidates must be at least 18 years of age and have such business, financial, technological or legal experience or education to enable them to make informed decisions on behalf of the company. The governance and nominating committee has not adopted a specific policy on diversity. However, in practice it has identified and recommended individuals of diverse ethnic, cultural and business backgrounds.

The governance and nominating committee will consider director candidates recommended by shareholders. Any shareholder wishing to recommend one or more director candidates should send the recommendations before November 1 of the year preceding the next annual meeting of shareholders to the Secretary of the Corporation, Andrew L. Graham, 5300 West Cypress Street, Suite 100, Tampa, Florida 33607. Each recommendation should set forth the candidate's name, age, business address, business telephone number, residence address, and principal occupation or employment and any other attributes or factors the shareholder wishes the committee to consider, as well as the shareholder's name, address and telephone number and the class and number of shares held. The Committee may require the recommended candidate to furnish additional information. The secretary will forward recommendations of qualified candidates to the governance and nominating committee and those candidates will be given the same consideration as all other candidates.

A shareholder wishing to nominate an individual for election to the Board of Directors at the Annual Meeting of the Shareholders, rather than recommend a candidate to the Governance and Nominating Committee, must comply with the advance notice requirements set forth in our bylaws. See "Shareholder Proposals for Presentation at the 2015 Annual Meeting" for further information.

Board of Directors Leadership Structure

Our business and affairs are managed under the direction of the Board of Directors. Under our current leadership structure, Paresh Patel serves as chairman of the board and chief executive officer. Mr. Patel's role includes providing continuous feedback on the direction and performance of the company, serving as chairman of regular meetings of the Board of Directors, setting the agenda of meetings of the Board of Directors and leading the Board of Directors in anticipating and responding to changes in our business. Mr. Patel plays a significant role also in formulating and executing the company's strategic plans, technology efforts and investment decisions. We believe board oversight and planning is a collaborative effort among the directors, each of whom has unique skills, experience and education, and this structure facilitates collaboration and communication among the directors and management and makes best use of their respective skills. To further foster collaboration in its oversight efforts, the Board of Directors has no lead independent director to preside at meetings of the non-management directors. Rather at each such meeting a presiding director is elected by majority vote of the directors present. The Board of Directors periodically reviews the board leadership structure to evaluate whether the structure remains appropriate for the company and may determine to alter this leadership structure anytime based on then existing circumstances.

Board of Directors' Role in Risk Oversight

The Board of Directors plays a significant role in monitoring risks to the company. Where major risks are involved, the Board of Directors takes a direct role in reviewing those matters. For example, the Board of Directors annually reviews the level and design of our reinsurance program. Reinsurance is insurance we buy from other insurance companies to cover hurricanes and other catastrophes. The Board of Directors also approves any strategic initiatives and any large or unusual investment or other such expenditure of the company's resources. The Board of Directors has established committees to assist in ensuring that material risks are

identified and managed appropriately. Among them are the audit committee, the compensation committee, and the governance and nominating committee. The Board and its committees regularly review material operational, financial, compensation and compliance risks with executive management. The audit committee is responsible for assisting the Board of Directors in its oversight of the quality and integrity of our accounting, auditing, and reporting practices and discussing with management our processes to manage business and financial risk. The compensation committee considers risk in connection with its design of our compensation programs for our executives. The governance and nominating committee regularly reviews the company's corporate governance structure and board committee assignments. Each committee regularly reports to the Board of Directors.

MATTER NO. 2
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The company's audit committee has appointed Dixon Hughes Goodman, LLP as the company's independent registered public accounting firm for the year ending December 31, 2014. At the Annual Meeting, shareholders will be asked to ratify the audit committee's appointment of Dixon Hughes Goodman, LLP as the company's independent registered public accounting firm. Regardless of the outcome of this vote, the audit committee will retain the sole authority to appoint the company's independent registered public accounting firm. If the appointment is not ratified, then the audit committee will reconsider its appointment. Even if the appointment is ratified, the audit committee may appoint a different independent registered public accounting firm for the company.

The persons named in the enclosed proxy card intend, unless otherwise directed, to vote such proxy "FOR" ratification of the appointment of Dixon Hughes Goodman, LLP as the company's independent registered public accounting firm. This proposal will be approved if the number of votes for the proposal exceeds the number of votes against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** RATIFICATION OF THE APPOINTMENT OF DIXON HUGHES GOODMAN, LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM — ITEM 2 ON YOUR PROXY CARD.

Change in Independent Registered Public Accounting Firm

Effective March 20, 2013, the audit committee determined to engage Dixon Hughes Goodman, LLP to serve as the company's independent registered public accounting firm for the year ending December 31, 2013 and as a consequence dismissed Hacker Johnson & Smith P.A. as the company's independent registered public accounting firm for the audit of the company's financial statements effective March 20, 2013.

The audit reports of Hacker, Johnson & Smith P.A. on the consolidated financial statements of the company as of December 31, 2011 and 2012 and the years then ended did not contain any adverse opinion or disclaimer of opinion nor were they qualified or modified as to uncertainty, audit scope or accounting principles. The audit report of Hacker, Johnson & Smith P.A. on the effectiveness of internal control over financial reporting as of December 31, 2012 did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles.

Hacker Johnson & Smith P.A. was notified on March 20, 2013 that it would not be retained as the company's independent registered public accounting firm for the year ending December 31, 2013. Hacker Johnson & Smith P.A.'s engagement as the company's independent registered public accounting firm to audit our consolidated financial statements for the year ended December 31, 2012 was unaffected by the selection of Dixon Hughes Goodman, LLP as Hacker Johnson & Smith P.A.'s dismissal became effective following the completion of its audit of the company's consolidated financial statements as of and for the year ended December 31, 2012 and the filing of the related Annual Report on Form 10-K.

During the two years ended December 31, 2012 and 2011, and through the company's subsequent interim period from January 1, 2013 through March 20, 2013, there were (i) no disagreements between the company and Hacker Johnson & Smith P.A. on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which, if not resolved to the satisfaction of Hacker Johnson & Smith P.A. would have caused Hacker Johnson & Smith P.A. to make reference thereto in their reports on the consolidated financial statements for such years, and (ii) no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

During the two years ended December 31, 2012 and 2011, and through the company's subsequent interim period from January 1, 2013 through March 20, 2013, the company did not consult with Dixon Hughes Goodman, LLP regarding either (i) the application of accounting principles to a specified transaction, either completed or

proposed; or the type of audit opinion that might be rendered on the company’s consolidated financial statements, and neither a written report was provided to the company nor oral advice was provided that Dixon Hughes Goodman, LLP concluded was an important factor considered by the company in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a “disagreement,” as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a “reportable event,” as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

We provided Hacker Johnson & Smith P.A. with a copy of a Form 8-K/A disclosing the above matters, which was filed on April 1, 2013. Hacker Johnson & Smith P.A. furnished the company with a letter addressed to the Securities and Exchange Commission stating that Hacker Johnson & Smith P.A. agreed with the statements made in the Form 8-K/A, except that Hacker Johnson & Smith P.A. was not in a position to agree or disagree with the company’s statement that Dixon Hughes Goodman, LLP’s engagement was approved by the Audit Committee or with the company’s statement that Dixon Hughes Goodman, LLP was not engaged regarding the application of accounting principles to a specified transaction or the type of audit opinion that might be rendered on the company’s consolidated financial statements, or the effectiveness of internal control over financial reporting. A copy of such letter, dated March 29, 2013, was filed as Exhibit 16 to the Form 8-K/A.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Compensation Discussion and Analysis

The following discussion describes the principal objectives of our executive compensation programs with respect to our “named executive officers,” outlines those programs and describes how we believe our executive compensation programs meet our objectives. Our named executive officers are the chief executive officer and our four other most highly compensated executive officers who were serving as executive officers at the end of the last completed fiscal year, plus up to two additional executive officers who would have been among the most highly compensated executive officers at the end of the fiscal year if they still had been serving as executive officers at the end of the fiscal year.

Overview

The compensation committee has the authority to set the compensation of the named executive officers and to make equity awards under the company’s 2012 Omnibus Incentive Plan, which was approved by the shareholders in 2012. The main objectives of our executive compensation programs are to retain highly skilled executives and to align their pay with the company’s performance and shareholder returns so as to incentivize our executives to drive strong financial performance and increase shareholder value. We believe these objectives were accomplished in 2013.

In aligning executive pay with the company’s performance and shareholder returns, we anticipate our chief executive officer will receive a significant portion of his cash compensation each year in the form of a performance bonus awarded under a bonus incentive plan established by the compensation committee pursuant to the company’s 2012 Omnibus Incentive Plan. In the case of our other executive officers, we anticipate they will receive a substantial portion of their compensation in the form of discretionary cash bonuses, equity awards, or a combination of both, as determined by the compensation committee in consultation with our chief executive officer.

The compensation committee uses a common sense approach to setting executive compensation, relying on the judgment and knowledge of its own members as to the talents, the work habits and the contributions of the named executive officers. The committee, however, views the determination of compensation to be a collaborative effort and accordingly it welcomes recommendations and advice from executive officers and other directors. The company did not seek the advice of consultants or engage in benchmarking of total compensation or any material component of compensation with respect to the amounts paid to the company’s named executive officers in 2013.

The compensation committee seeks also continually to improve the company’s executive compensation programs. For example, beginning in 2013, it added a clawback provision to the chief executive officer’s bonus incentive plan so that in the event the company is required to restate its financial statements due to material noncompliance with any financial reporting requirement he will repay any portion of his performance bonus compensation that would not have been awarded under the restated financial statements.

During 2013, our chief executive officer was compensated with a flat annual salary, a cash performance bonus and a one-time award of restricted stock. The annual salary was \$500,000. The cash performance bonus was awarded pursuant to a bonus incentive plan established in 2013 for the chief executive officer by the compensation committee. The salient features of the bonus incentive plan is a performance goal of the company recording at least \$30 million of earnings before interest and provision for income taxes during the year and if that performance goal were to be met, a cash bonus equal to 3.25% of earnings before interest and provision for income taxes for the year (after adjustments for various items, including bonuses, asset sales and unusual, nonrecurring items). The cash performance bonus was subject to downward adjustment at the discretion of the compensation committee. The cash performance bonus awarded under this incentive plan amounted to \$3,563,542, or approximately 3.25% of 2013 earnings before interest and provision for income taxes. This amount was paid in December.

In establishing the bonus incentive plan for the chief executive officer, the compensation committee considered not only his exceptional talents, work habits and contributions to the success of the company, but it also considered various risks and mitigating factors that might be associated with the plan. Among the considerations were the cliff vesting nature of the performance goal and the use of a percentage bonus could encourage the chief executive to manage earnings by deferring expenses, increasing the level of catastrophic risk retained by the company or lowering insurance underwriting standards. The mitigating factors were the level of company stock held by the chief executive officer, the use of auditors and actuaries, regulatory oversight, and the numerous people involved in such decisions, including often the board members. Board members, for example, are involved in determining the level of catastrophic risk retained by the company.

In addition to the cash awarded under the bonus incentive plan, in May 2013, the compensation committee awarded our chief executive officer a one-time grant of 400,000 shares of restricted common stock under the company's 2012 Omnibus Incentive Plan. The restricted shares cannot be sold or transferred until they are vested. Any shares not vested within six years of the grant date will be forfeited. Vesting of the shares is market based. The restricted shares will vest in 100,000 share increments only one year after the market price of the company's common stock equals or exceeds price targets of \$35, \$50, \$65 and \$80 for 20 consecutive trading days. Thus far none of the restricted shares has vested, although the \$35 price target has been met and that increment will vest in 2014 if the service requirement is met.

Each of our other named executive officers received a significant portion of his 2013 compensation in the form of discretionary bonus awards, equity awards, or a combination of cash bonus and equity awards. Consistent with the 2013 award to our chief executive officer, cash bonuses were paid in December 2013. Cash bonus and equity awards to our named executive officers are at the discretion of the compensation committee, and as such, we have no set policy for allocating between long-term and currently paid out compensation nor do we have an established policy for the allocation between cash and non-cash compensation. The members of the compensation committee rely on their own judgment and experience in making such allocations.

In our 2013 annual meeting we held a say-on-pay vote for our shareholders who approved the compensation of executive officers and also approved the frequency of such say-on-pay vote to take place every three years. These results agreed with the board's recommendations to shareholders. As such, we did not make any material changes to our policy of determining executive compensation.

Effective July 1, 2013, the company implemented a 401(k) Safe Harbor Profit Sharing Plan ("401(k) Plan") that qualifies as a defined contribution plan under Section 401(k) of the Internal Revenue Code. Under the 401(k) Plan, participating employees are eligible for company matching and discretionary profit sharing contributions. Plan participants may elect to defer up to one hundred percent of their pre-tax gross wages, subject to annual limitations. The company matching contribution is limited to a maximum of four percent of the employee's annual salary or wage and is fully vested when contributed. Eligibility and vesting of the company's discretionary profit sharing contribution is subject to the plan participant's years of service. There was no discretionary profit sharing contribution in 2013.

2013 Company Performance

Performance Graph

The following graph compares the 5-year cumulative total dollar return to shareholders on our common stock relative to the cumulative total returns of the Russell 2000 Index and the NASDAQ Insurance Index. An investment of \$100 (with reinvestment of all dividends) is assumed to have been made in our common stock and in each index on December 31, 2008 and its relative performance is tracked through December 31, 2013. The returns shown are based on historical results and are not intended to suggest future performance.

2013 Compensation

Compensation decisions reflect the company's commitment to align our executive compensation with performance:

- Our chief executive officer's cash compensation was comprised of base salary representing only 11.5% of his total cash compensation, with the remaining 88.5% of cash compensation related to a performance-based bonus incentive plan compensation which was approved by the compensation committee.
- Base salaries of our other named executive officers, excluding Mr. Madhu's salary for the period in 2013 during which he was employed, were approximately 44.1% of the total cash compensation paid to the named executive officers. The remaining cash compensation was in the form of bonus awards that followed key transactions and full-year financial performance.
- Compensation paid to our named executive officers in 2013 included discretionary cash bonus awards that followed the successful completion of the November 2012 and 2013 assumption transactions with Citizens Property Insurance Corporation as well as the completion of the two capital raises described above under "2013 Company Performance."

In addition to the above summary, we urge our shareholders to read the information in the Executive Compensation and Related Information section, the Summary Compensation Table, and other compensation tables and disclosures contained in this proxy statement for more details about our executive compensation program.

ROLE OF EXECUTIVE OFFICERS AND MANAGEMENT IN COMPENSATION DECISIONS

The compensation committee has the authority to set compensation for the named executive officers. The committee views compensation decisions to be a collaborative effort and, accordingly, it welcomes recommendations and advice from executive officers and other directors. In setting compensation of the named executive officers other than the chief executive officer, the compensation committee invites the chief executive officer and other executives to attend committee meetings. At such meetings, Chief Executive Officer Patel presents to the compensation committee his evaluation of each named executive officer's performance during the year and makes recommendations to the compensation committee regarding base salaries, bonus targets, performance goals, and equity compensation. The compensation committee has full authority to accept, modify or reject these recommendations. The compensation committee typically discusses Mr. Patel's compensation package and related proposals with him. However, the compensation committee makes all final decisions related to Mr. Patel's compensation without Mr. Patel present.

ARRANGEMENTS AS TO SELECTION AND NOMINATION OF EXECUTIVE OFFICERS

We are aware of no arrangements as to the selection or appointment of executive officers.

PENSION OR OTHER RETIREMENT PLAN AND DEFERRED COMPENSATION PLANS

Except for the company's 401(k) Safe Harbor Profit Sharing Plan described above under "Compensation Discussion and Analysis," we have not had and currently do not have a pension or other retirement plan or a nonqualified deferred compensation plan. Accordingly, the pension benefit table, the nonqualified deferred compensation table, and any related disclosures have been omitted from the discussion below. The company's 401(k) matching contributions are described in footnote 7 to the Summary Compensation Table below.

ACCOUNTING AND TAX CONSIDERATIONS

In designing our compensation programs, we consider the potential accounting and tax effects on the company and our employees. In allocating among different components of compensation, we consider the accounting expense and potential reward associated with each separate component of compensation.

We also seek to provide tax-advantaged benefits for employees where practical and affordable. In selecting the components of our compensation program and allocating among them, we consider whether the component may be "performance-based" compensation for purposes of Section 162(m) of the Internal Revenue Service Code. Under Section 162(m), the company receives a federal income tax deduction for compensation paid to its chief executive officer and the three other most highly compensated executive officers only if the individual compensation is less than \$1 million during any year or is "performance-based" under Section 162(m). All compensation paid to our executive officers in 2013 was determined to be fully deductible. Our 2012 Omnibus Incentive Plan was designed to permit the compensation committee to award compensation that is "performance-based" and thus fully tax-deductible by the company. Under Code Section 162(m), when a plan provides for compensation that is intended to be "performance-based," the plan must be re-approved by shareholders at least every five years in order for new compensation under the plan to be fully deductible for federal tax purposes. Our 2012 Omnibus Incentive Plan was approved by our shareholders at the 2012 Annual Meeting of Shareholders.

SUMMARY COMPENSATION TABLE

The following table provides summary information concerning compensation for services rendered in all capacities awarded to, earned by or paid to our named executive officers during the years ended December 31, 2013, 2012 and 2011. Note that Securities and Exchange Commission rules require us to report stock awards at the grant-date fair value of the entire award in the year of the grant rather than reporting this expense over the service period as we do for financial reporting purposes. Fair value of the awards is estimated in accordance with Accounting Standards Codification Topic 718 using methodologies that include various factors such as estimated cost of capital, market value, expected price volatility and expected dividends. Hence, in the table below, each amount appearing under “Stock Awards” is an estimate of the award’s fair value at the grant date, regardless of whether vesting has occurred. In the case of the stock award to Mr. Patel no vesting has yet occurred, although an applicable market based target has been met and an increment of 100,000 shares will vest in 2014 if the service requirement is met. The estimated values of the stock awards are based in part upon predictions of future events. The actual values on the vesting date will almost certainly differ from the estimated values.

- (1) Represents the aggregate grant date fair value, calculated in accordance with the Financial Accounting Standards Board ASC Topic 718, of restricted stock awards. The grant date fair value for each restricted stock award with service-only or performance-based conditions is based on the value of the company’s stock on the grant date. The grant date fair value for each restricted stock award with market-based conditions is estimated using a Monte Carlo simulation model. The following assumptions were used with respect to the 2012 grants: expected dividends per share of \$0.80; expected volatility of 36.7 to 50.0%; risk-free interest rate of 0.1 to 1.2%; estimated cost of capital of 11.9 to 12.1%; and an expected life of six years. The following assumptions were used with respect to the 2013 grants: expected dividends per share of \$0.90; expected volatility of 41.5 to 51.6%; risk-free interest rate of 0.0 to 1.9%; estimated cost of capital of 9.3 to 10.3%; and an expected life of four to six years.

- (2) There were no options granted by the company to executive officers in 2013, 2012 or 2011.
- (3) Includes a cash bonus of \$111,000 paid in December 2012 and a \$25,000 cash sign-on bonus.
- (4) The 2011 amount represents \$180,801 paid to Scorpio Systems, Inc. for consulting services, \$50,000 paid to Scorpio Systems, Inc. for the purchase of software rights, and \$34,000 in directors' fees paid prior to July 1, 2011, the effective date of Mr. Patel's employment as chief executive officer. Such agreements were terminated prior to 2012.
- (5) Mr. Wallace has served as president of our property and casualty insurance division since April 16, 2012.
- (6) The non-equity incentive compensation was paid to Mr. Patel during the year ended December 31, 2012. No amount with respect to the 2012 award was payable at or deferred to a later date.
